

UVGI SM 60-222 AIR STERILIZER

Model: SM 60-222

Lightwave: UV-C primarily in the 222nm wavelength

Power: 220-240VAC, 50/60Hz

UV intensity @ 50cm(POC 1152 TiO₂): 390 μw/cm²

Bulb lifespan: 4 000 operational hours

Ballast lifespan: 20 000 operational hours

Power of bulb: 20 watts x 3 pcs

Effective area: 40 square meters

Net weight: 3.1 kgs

LED indicating the working status of the UV-C lamp

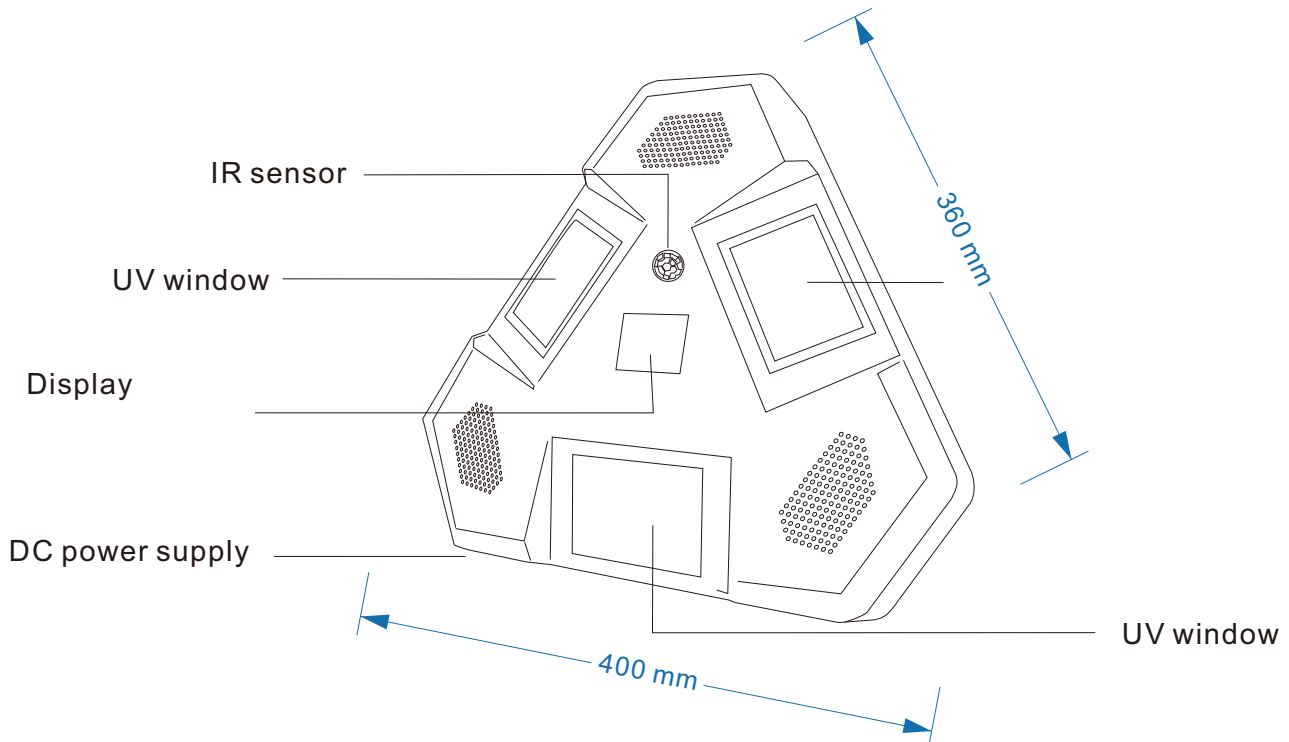

Dimension: 400x360x60mm

with remote control

with IR sensor

Structural Representation and Schematic Diagram

The best way to mitigate against airborne viruses, yeast, fungi, bacteria and mold
